

Weeks 7 and 8:

Camp Fairy Tales

July 29- August 2, 9:00AM-3:00PM, grades K-7, \$445

Location: Los Gatos Christian School
16845 Hicks Rd, Los Gatos

Fairy tales have common themes of magical creatures, heroes, and villains ... but also science, food, and interesting history. Become an inspired chef, scientist, and writer as you navigate through different stories. Discover why Goldilocks ate too much porridge and recreate the ginger bread house of Hansel and Gretel. Three Little Pigs built homes to withstand huffs and puffs, but how about an earthquake? Use chemistry to help Cinderella get cleaned up for the ball and build a stethoscope to check Snow White's vital signs. Discover what gravity had to do with Humpty Dumpty's great fall and build a zip-line for Rapunzel's escape from the tower.

Pinocchio is a wooden puppet who wishes to be a real boy. You cannot bring him to life, but you can do the next best thing. Then analyze the most beloved European fairy tales, re-write them by creating your own endings, and act them out. Help Elves and the Shoemaker design another sole, see if you can play your musical instruments in a band with the Pied Piper of Hamelin, and engage in other enchanting activities!

Study Skills Secrets

August 5-7, 9:00AM-3:00PM, grades 3-7, \$270

Location: KnowledgeQuest, 6055-90 Meridian Ave, San Jose

Do you know the secrets? They are right at your fingertips!

**Become a better student
and have fun at the same time!**

"What are some
good ways to
concentrate?"

"How do I raise
my grades?"

"How can I read
this book faster?"

"How do I
take notes?"

"How should I
study for a test?"

"How can I organize
all this stuff?"

Get organized and efficient before the school year starts! Learn to manage your time, study space, and assignments, and master the most essential organizational skills. Plan to succeed by discovering your learning style and reading rate. Learn memorization skills, and develop reading strategies for speed, comprehension, and retention. Listen up and learn how to take notes, make outlines, and pay close attention to the most important lectures and instructions. Steel your nerves by learning how to prepare for, take, and finish tests with confidence.
